What software to use to edit pdf files and how can I generate e-sign?

I strongly recommend **Adobe Reader**
You may download it on their official page [CLICK HERE]

You may also use <u>Chrome</u> but you cannot put your e-sign in some forms

How can I create e-sign?
1. Click here
2. Once you're there in the given link above at step number 1, write your signature using your mouse

Draw your signature

3. Choose color black
